Sensor Signal Processing for Defence Conference

6 - 7 December, 2017

ET: Savoy Place

London

Important Dates:

Submission of Papers: 22nd June 2017 Extended Day

Notification of Paper Acceptance: 8th September 2017

Final version of Paper Due: 30th September 2017

The Sensor Signal Processing for Defence Conference is organised by the University Defence Research Collaboration (UDRC) in Signal Processing. SSPD 2017 aims to bring together researchers from academia, industry and government organisations interested in Signal Processing for Defence.

Call for papers: www.sspdconference.org

Papers are solicited from the following areas:-

- Array Signal Processing
- Image Processing
- Radar, Sonar and Acoustic
- Multimodal Signal Processing
- Multi-Target Tracking
- Signal Acquisition and Sensor Management
- Multiple-input and multiple-output (MIMO)

- Data Fusion
- Source Separation
- Anomaly Detection
- Distributed Signal Processing
- Low Size Weight & Power Solutions
- Target Detection and Identification
- Electro-Optic Sensing

The SSPD conference is working in partnership with the IET Intelligent Signal Processing 2017 Conference which is also held at Savoy Place on 4th and 5th December 2017.

All submitted papers will be peer reviewed. Accepted papers will be published in conference proceedings which will be archived in IEEE Xplore. Sponsored by Dstl and EPSRC.

Expressions of interest – email janet.forbes@ed.ac.uk
